> MONTEREY, MEXICO, December 11.—Four train-robbers were arrested this evening. The names of twenty-three others are in the hands of the officials. It is rumored that the mayor of New Laredo is involved in the matter.

GENTS:—About nine years ago I had a child two years old and almost dead. The doctor I had attending her could not tell what ailed her. I asked him if he did not think it was worms. He said no. However, this did not eatisty me, as I felt convinced in my own mind that she had. I obtained a bottle of DR. C. McLANE'S CELEBRATED VEB-MIFUGE (genuine). I gave her a teaspootful in the morning and another at night, after which she passed seventy-two worms and was a well child. Since then I have never been without it in my family. The health of my children remained so good that I had neglected watching their actions until about three weeks ago, when two of them presented the same sickly appearance that Fanny did nine years ago. So I thought it must be worms, and went to work at once with a bottle of DR. C. McLANE'S VERMIFUGE between four of my children, their ages being as follows: Alice, 8 years; Charley, 4 years; Emma, 6 years; John, 9 years. Now comes the result: Alice and Enma came out all right, but Charley passed forty-five and Johnny about sixty worms. The result was so gratifying that I speat two days in showing the wonderful effect of your Vermifuge around Utica, and now have the worms, on exhibition in my store.

Yours truly, JOHN PIPER
